

# Our / Detroit

## THE WORLD'S FIRST GLOBAL & LOCAL VODKA

- **Our/Vodka** is different. It's a global vodka initiated by Pernod Ricard & made by local partners in cities around the world
- Each partner has their own take on Our/Vodka & infuses their city's personality & expression
- **Our/Vodka** engages the local community & sources ingredients locally as possible
- **Our/Detroit** is first to launch in the USA, following the successful integration of Our/Berlin in 2013

## OUR/DISTILLERY

Our building, located at 2545 Bagley St. Detroit MI 48216, was once Bagley Billiard Center. It eventually became a liquor store that closed its doors in early 2000. After sitting abandoned, its future was uncertain. When Our/Vodka decided to launch in Detroit, it was determined that this building had more great days ahead.
